Subject: Willamette needs cleanup that's good for business

Portland's blue-collar harbor jobs will suffer if the cleanup plan is too expensive.

The Willamette River is the lifeblood for Oregonians but it is also the home to many, many businesses and jobs on our working waterfront. The shipyards and docks have really defined who we are as a city, Port-Land.

Please consider all the facts and support a plan that protects the environment AND local jobs.

Sincerely,
